

STATE OF HAWAII
REQUEST FOR EXEMPTION FROM CHAPTER 103F, HRS

'06 FEB -3 P4:12

ADMINISTRATION
STATE PROCUREMENT OFFICE
STATE OF HAWAII

To: Chief Procurement Officer

From: DOH/FHSD/MCHB
Department/Division/Agency

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

Title and description of health and human service(s):

The title of the project is Fetal Alcohol Spectrum Disorders (FASD). Maternal and Child Health Branch (MCHB) was awarded a subcontract to develop a system to prevent FASD. The goal is to reduce alcohol use in pregnant women, thus preventing the number of births that are alcohol exposed. The funding will enhance the capacity of the Malama Baby S.A.F.E. to screen all pregnant women at the Community Clinic of Maui for alcohol use and provide an immediate alcohol brief intervention. Enrolled women will receive weekly brief interventions and case management services.

Provider Name: Malama Family Recovery Center	Total Contract Funds: \$45,000	Term of Contract:
Provider Address: 388 Ano Street Wailuku, Maui 96732	Contract Funds per Year (as applicable).	From: 2/1/06 To: 8/31/06

Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:

Procurement by competitive means is not practicable or advantageous to the State. The Baby S.A.F.E. program has years of experience in working with women on Maui and possesses the infrastructure and support services to implement the contract. Baby S.A.F.E. is the only program on the island providing services specifically to pregnant women who are at risk for using substances.

The sub-contract was initially slated to run from September 1, 2005 to August 31, 2006. Due to legal issues, our subcontract was not approved by our State until December 6, 2005. There are approximately eight months left in this subcontractor's budget period. The normal RFP process would not allow us sufficient time to set up and begin the project and there would be a substantial delay in the delivery of services.

STATE OF HAWAII
REQUEST FOR EXEMPTION FROM CHAPTER 103F, HRS

Details of the process or procedure to be followed in selecting the service provider to ensure maximum fair and open competition as practicable:

The Baby S.A.F.E. program has years of experience in working with the target population and possesses the existing infrastructure and support services to implement the contract. It would not be cost-effective to bring in another agency that would have to develop a system in coordination with the Community Clinic of Maui. Baby S.A.F.E. is the only program on Maui providing services specifically to pregnant women who are at risk for using substances.

A description of the state agency's internal controls and approval requirements for the exempted procurement:

The contract agreement with Malama Family Recovery Center is reviewed by the Family Health Services Division's Public Health Administrative Officer and by the Department of Health's Administrative Services Office (ASO).

The Maternal and Child Health Branch, Family and Community Support Section has oversight of the FASD Project and will be responsible for oversight of the contract.

A list of state agency personnel, by position title, who will be involved in the approval process and administration of the contract:

Supervisor, Family and Community Support Section, Maternal and Child Health Branch

Baby S.A.F.E. Coordinator, Family and Community Support Section, Maternal and Child Health Branch

Public Health Administrative Officer, Maternal and Child Health Branch

Accountant, Maternal and Child Health Branch

Public Health Administrative Officer, Family Health Services Division

Accountant, Family Health Services Division

Direct questions to (name & position):
Althea Momi Kamau, M.P.H., R.N.
Chief, Maternal and Child Health
Branch
